

Education Core Beliefs

Safe & Supportive Community

Students and staff thrive in an environment that fosters safety, support, and a sense of belonging.

Collaboration and Growth

Learning is a collaborative process that values both academic growth and social/functional competencies.

Presumption of Competence

All students are capable of learning, thinking, and contributing meaningfully when provided with appropriate support and opportunities.

Partnership

Caregivers and stakeholders are essential in promoting student growth and success, ensuring a holistic approach to education.
